

## Cornwall by Air

Bodmin Airfield

Cornwall Airport Newquay

### Cornwall Airfields.

Cornwall is a beautiful place to visit by land, sea or Air and has many airstrips you may not be aware of. Taking in the breath-taking sights of this wonderful county from the air is worth a special trip.

There are a number of airstrips around the county and if you fly in and want to stay a while we have a taxi company that is happy to drive you around to see the sights and offer you discounts on your journeys.

Why not take a trip down to Cornwall and see for yourself.

The Cornish Holiday Team – Alec and Helen

We've put together a map of the Airfields across the county, maybe there are some you didn't know about. You will also find some of the events for the year listed below along with some places of interest that are worth a visit.

**Bodmin Airfield** was the development of a dream by local business man Mike Robertson, to make aviation available to everyone. In pursuit of this dream, local engineers, The Dingle Brothers were commissioned to construct the airfield on what was once Treswithick Farm.

In 1975, the airfield was bought by the Cornwall Flying Club, which, in turn, became a limited company, Cornwall Flying Club Ltd, in 1978. In keeping with the original ideals and dreams of its creator, Mike Robertson, Cornwall Flying Club operates as a non-profit organisation, to keep costs down to the end user.

Situated about 20 mins from our St Columb Major property and 40 mins away from Porthtowan. Bodmin airfield has many events throughout the year. We've listed a few to give you a taste of what's going on:

## **Lundy Island Fly-in/Out**

Due to take place in August – please check website for full details.

The Lundy Team bring you 'Lundy Sunday' an event that is well supported by local flyers as well as pilots from around the UK, Ireland and the Channel Islands.

## **Cornwall Strut Fly**

Due to take place in September– please check website for full details.

A Strut is the name given to a branch of the Light Aircraft Association (LAA) and each Strut works in unison with and under the LAA which in turn has produced the UK's largest general aviation organisation. The LAA not only enables people to build and maintain their own aircraft, renovate and enjoy vintage and classic types, it also has a coaching scheme amongst its many assets and attributes. In fact it is pretty essential to be a member of the LAA if you are a pilot or enthusiast in the UK.

## **Wing Walking at Bodmin**

**April 13 -14<sup>th</sup> 2021**

The chance of a lifetime to soar above Cornwall on the wing of a powerful Biplane. If you would like to take part contact the Events Director, Pete White on 01752 406660 or email [pete@aeronca.co.uk](mailto:pete@aeronca.co.uk)

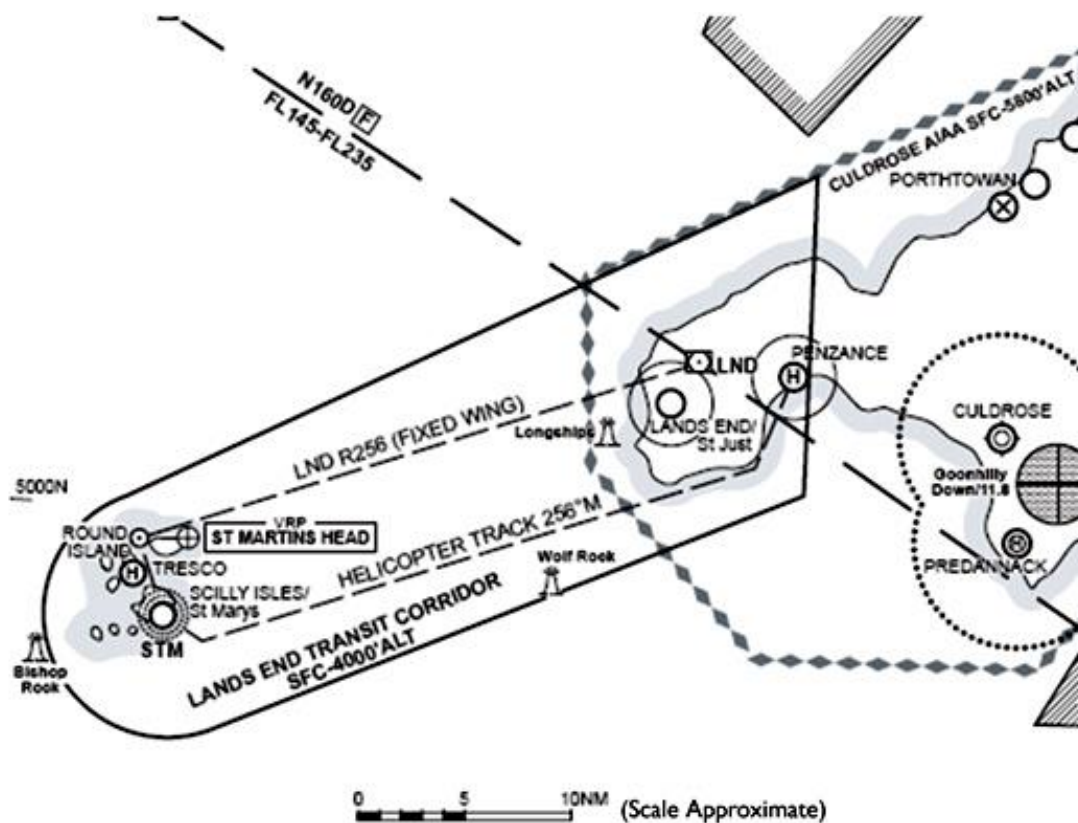

To find out more information about other events happening at Bodmin Airfield make sure you visit their website: [www.bodminairfield.com](http://www.bodminairfield.com)

## From Land's End Airport why not take the short flight over to the beautiful Isles of Scilly.

Both Land's End and St.Mary's are **strictly** PPR by telephone. Ring prior to your departure to obtain permission, pass relevant flight details and be briefed on weather and arrival procedures.

As the Isles of Scilly are more than 10 miles from the mainland you are advised to file a flight plan if you are flying to or from St.Mary's. If you fly from Lands End to St.Mary's, and do not wish to file a plan we suggest that you put your supplementary flight information and leave it with ATC Land's End or at the reception desk in the terminal.

For full details please visit the Land's End Airport website.

## **Davidstow Airfield and Cornwall at War Museum**

With exhibits to explore, a mock up of a WWI tank which is great for the children to climb over along with a variety of ongoing projects, it's worth taking the time to visit.

The museum is open Daily from 10am - 5pm but due to the current government restrictions it's best to check the website for full details: [www.cornwallatwarmuseum.co.uk](http://www.cornwallatwarmuseum.co.uk)

Airfield tours are available on Thursday afternoons at 2pm (July to September only). These take place in the crew bus Marlene and include a visit to the museum and guided transport around the airfield. Booking is essential.

There is a do-it yourself NAAFI on-site for hot and cold drinks, crisps etc with comfortable seating and WW2 newspapers to read.

### **Come and see for yourself**

At Cornish Holiday we not only try to offer, warm, clean welcoming self-catering accommodation, but help give a wonderful experience by teaming up with local organisations and attractions. We want you to go home with wonderful memories which will last for ever.
